Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments:

The examiner indicated that claims 12-13 could only receive priority back to December 31, 1996 because recitation of T4 DNA polymerase was first disclosed in application 08/775,401, which was filed 12/31/1996. The examiner indicated that there were 112/2nd problems as well with regard to claims 12-14 and the recitation of "said enzymatic polymerization comprises a ... polymerase...". Applicant's representative agreed to the changes to correct the 112/2nd problems and also indicated that the recitation of T4 DNA polymerase in claim 12 should be canceled in an examiner's amendment.

(A fuller description, if necessary, and a copy of the amendments which the examiner agreed would render the claims allowable, if available, must be attached. Also, where no copy of the amendments that would render the claims allowable is available, a summary thereof must be attached.)
